“QUILTING THROUGH THE AGES” QUILT SHOW

2021

# *Welcome to* “QUILTING THROUGH THE AGES” QUILT SHOW – 2021

We hope you enjoy our 9th biennial “Quilting Through the Ages” quilt show. Not often will you be able to see a wide variety of quilts and quilt accessories displayed in an underground mine. While looking at the quilts, take time to see the antique quilt display and bed turning. Don't forget to shop at the Treasure Trove which offers many quilted items made by guild members that you may purchase. Across the road in the metal fire department building you may visit four quilt vendors that offer fabric, patterns, notions and the latest gadgets for sale, along with a sewing machine vendor in the large quilt hall. Many Silver Threads Quilt Guild members are full-time residents of this area. Several members' primary residences are in other states. They live in this area for the summer and fall, returning year after year to enjoy the beauty of Colorado. We want to thank the community for the support we have received for this event. We couldn't have such an outstanding show without their support. Our members have worked hard to prepare for this event, we hope you enjoy the show!

-----

## *Memorial Quilts*

During 2021, we had two member of our guild pass away. These ladies were both active members in the Silver Thread Quilt Guild. We believe it is appropriate to display some of their quilts as a tribute to the time spent participating in our guild's activities and the friendships they established with our guild members. *They are missed!*

**Tricia MacDonald** was a long time member in the guild and passed away in January, 2021. She spent her winters in Phoenix but was an important part of the STQG and Creede community each summer. For many years she was responsible for all the charity quilts that were donated to the different organizations from guild members. She and her husband, Doug, have been responsible for hanging the large quilts for the past few quilt shows. Tricia was the co-chairman of the 2018 STQG quilt show.

**June Deatherage** has not been a member of the Silver Thread Quilt Guild for many years but she has left her mark. She and her husband, Ed Surowiec, made their home in Powderhorn. She passed away in July of this year. In the 2018 quilt show, she took home ribbons from her beautiful quilts. Most recently, she solicited advertising for our newsletter.

## *Raffle Quilt*

The beautiful raffle quilt, “Alaska” is a modified version to make it queen sized of the pattern of the same name which was designed by Laundry Basket Quilts, and will look beautiful on any bed. All of the revenue from ticket sales allows us to fund many community projects, which include local fire departments, quilts for Veterans, and charities to help those in need, to name a few. We thank you for your support.

## OUR JUDGE

Nancy Fuca started sewing when she was a small child and has been quilting since about 1982. After taking that first quilting class, she just couldn't stop taking more and more classes and making more and more quilts and quilt tops. Nancy says she can't pick a favorite quilt technique or quilting specialty because she loves them all! She is an NACQJ Certified Quilt Judge who has judged local, regional, and international quilt shows. She also teaches and lectures on various quilting topics. Not content to stay idle during the pandemic, Nancy made over 3,000 face masks for friends, family, and Operation Bandana New Mexico and now has a giant pile of scraps for her next quilting project.

Participating members of the Silver Threads Quilt Guild had the option of having their quilts judged by Nancy Fuca. If the entry number of the quilt has a "J" following the number, the entry was judged. The award ribbons were awarded before the quilt show opened on Friday morning. The Viewer's Choice ribbons will be awarded after the close of the show on Saturday evening and displayed on the quilts on Sunday.

# ANTIQUE QUILTS DISPLAY & TURNING

Quilt making has been common in the United States since the late 17th and early 18th century. The colonial quilts were decorative items that displayed the needlework capabilities of the maker. Only a few wealthy ladies had the time to make these works of art. After 1840, the use of piecework and blocks became much more common. Many of these quilts used printed cotton, pieces of worn clothing, or other pieces of fabric available to the quilter.

Many people have treasured quilts that have been passed down through the years from family member to family member. Others have found antique quilts at thrift shops, garage sales, and estate sales.

We will be having bed turnings of the antique quilts that members and friends of members have shared with us for this show. *Bed turnings will be at 11 am and 2 pm on Friday and Saturday in the cave.*

# Thank You

Silver Threads Quilt Guild, which includes members from Creede, South Fork, Monte Vista, Lake City, Powderhorn and surrounding areas would like to thank all who have helped make our show a reality. The drawback to naming individuals and businesses is that we inevitably we will forget someone. We apologize in advance if that happens.
