## *Welcome to*

### AMETHYST ANNIVERSARY, A GEM OF A SHOW – 2023

We hope you enjoy our 10th biennial quilt show, "Amethyst Anniversary, A Gem of a Show." Not often will you be able to see a wide variety of quilts and quilt accessories displayed in an underground mine. While looking at the quilts, take time to see the antique quilt display and turning. Don't forget to shop the Treasure Trove which offers many quilted items made by guild members. Across the road in the metal fire department building, you may visit quilt vendors that offer fabric, patterns, notions and the latest gadgets for sale and a sewing machine vendor. Scissor sharpening will be available on Saturday.

Many Silver Threads Quilt Guild members are full-time residents of this area. Several members' primary residence is in other states. They live in this area for the summer and fall, returning year after year to enjoy the beauty of Colorado. We want to thank the community for the support we have received for this event. We couldn't have such an outstanding show without their support. Our members have worked hard to prepare for this event, we hope you enjoy the show!

## *Raffle Quilt*

The beautiful raffle quilt, "Dinner Plate Dahlia", is a Judy Niemeyer pattern from Quiltworx.com. The quilt will look beautiful on any bed and be a lovely addition to any décor. It was pieced by Beth Kendall and Penny Snyder and quilted by Diane Singer. All the revenue from ticket sales allows us to fund many community projects, which include local fire departments, food banks, quilts for Veterans, and charities to help those in need, to name a few. The quilt will be raffled at 1p.m. on Sunday. You do not need to be present to win, you will be called. Thank you for your support.

## OUR JUDGE

NANCY FUCA started sewing when she was a small child and has been quilting since about 1982. After taking that first quilting class, she just couldn't stop taking more and more classes and making more and more quilts and quilt tops. Nancy says she can't pick a favorite quilt technique or quilting specialty because she loves them all! She is an NACQJ Certified Quilt Judge who has judged local, regional, and international quilt shows. She also teaches and lectures on various quilting topics.

Participating members of the Silver Threads Quilt Guild had the option of having their quilts judged by Nancy Fuca. If the entry number of the quilt has a "J" following the number, the entry was judged. The award ribbons were awarded before the quilt show opened on Friday morning. The Viewer's Choice ribbons will be awarded after the close of the show on Saturday evening and displayed on the quilts on Sunday.

---

## VIEWER'S CHOICE AWARDS

Visitors on Friday and Saturday are encouraged to vote for their favorite quilt/item in each of the categories. The Viewer's Choice winning quilts will be displaying their ribbons on Sunday. Visitors on Friday and Saturday may attend FREE on Sunday with their ticket from either of the previous days.

# CHINESE FINGER PUZZLE PATTERN

---

## MATERIALS:

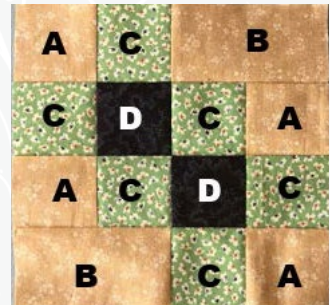

- (1) jelly roll or (40) 2.5" by Width of Fabric (WOF) strips
- 1/2 yard binding fabric
- 3 yards backing fabric

Open your jelly roll and separate your fabric strips. Pick (21) strips to be your background fabrics. These will be your A and B fabric pieces. From each of your background fabric strips, cut (8) 2.5" squares, these are the A pieces, and (4) 4.5" by 2.5" rectangles, these are the B pieces. From the remaining (19) strips, cut as many 2.5" squares as you can from each strip. You should be able to cut (17) 2.5" squares from each strip. These 2.5" squares will be your C and D pieces.

Organize your cut pieces by the block. For each block you will need (4) A: 2.5" by 2.5" pieces, (2) B: 2.5" by 4.5" pieces, (6) C: 2.5" by 2.5" pieces, and (2) D: 2.5" by 2.5" pieces. Use only three fabrics in each block so that the A and B pieces are all from the same fabric, the C pieces are from a second fabric and the D pieces are from a third fabric. You should be able to make about (40) blocks like this. The quilt requires (42) blocks, so for the last two blocks you may need to make scrappier blocks. You will have enough background fabrics (A and B pieces) cut for (42) blocks, but you may need to mix and match fabrics for the C and D pieces on the last two blocks.

To make one block, layout your pieces and sew them together in this order:

A – C – B  
C – D – C – A  
A – C – D – C  
B – C – A

After sewing the rows together, press all seams toward the C pieces. Sew the rows together and press all of the rows in one direction.

There are many ways to set your blocks. You can set them all the same direction, as we did in our sample. Or you can turn them various ways. Your (42) blocks make a 6 blocks across by 7 blocks down layout. Audition your blocks in various ways and when you are happy with the arrangement, sew them together.

Layer your pieced top with batting and backing fabric. Quilt as desired. Bind and enjoy!

# ANTIQUE QUILTS DISPLAY & TURNING

Quilt making has been common in the United States since the late 17th and early 18th century. The colonial quilts were decorative items that displayed the needlework capabilities of the maker. Only a few wealthy ladies had the time to make these works of art. After 1840, the use of piecework and blocks became much more common. Many of these quilts used printed cotton, pieces of worn clothing, or other pieces of fabric available to the quilter.

Many people have treasured quilts that have been passed down through the years from family member to family member. Others have found antique quilts at thrift shops, garage sales, and estate sales.

We will be having bed turnings of the antique quilts that members and friends of members have shared with us for this show. *Bed turnings will be at 11 am and 2 pm on Friday and Saturday in the cave.*
